BASIC RULES
1. A No-Ad Scoring System will be used for all match play.
2. A match will consist of one No-Ad set with a 12 point tie break played at six games all.
3. A set is won by a player or team who is the first to win a total of 6 games by a margin of 2. At 6 games all, a tie break is played.
4. Scoring may be called either in the conventional manner or simple numbers (i.e., a "zero, one, two, three, game).
5. In each game, the first player to win 4 points wins the game. The 7th point of a game becomes a game point for each player. The receiver has the choice of advantage court or deuce to which service is to be delivered on the 7th point.
6. A legal serve is required for all events. A legal serve is defined as when the server releases the ball by hand in any direction and hits the ball with the racket before the ball hits the ground. A player who is able to use only one arm may use the racket for the ball release.

UNIFIED SPORTS® EVENTS
1. Each Unified Sports® doubles team shall consist of one athlete and one partner.

STATE GAMES DIVISIONING
1. All participants in the Individual Skills Competition will take part in a divisioning round at the State Games prior to competing in final competition.
2. As part of the State Games entry process, all participants in Singles or Doubles must submit a score for the Individual Skills Competition and an on-court rating, using the Special Olympics Tennis Rating Guidelines. All singles and doubles players will take part in the Divisioning Round, in order to be observed to determine their final rating prior to competition.

UNIFORMS/APPROPRIATE CLOTHING
1. Tennis athletes must comply with the clothing rules established by the facility where they are playing.
2. The minimum standard is a dri-fit T-shirt with the Special Olympics Florida logo and athletic type shorts.
3. The ideal uniform is a collared shirt with the Special Olympics Florida logo and athletic type shorts.

REQUIRED FORMS FOR STATE GAMES ENTRY
♦ Athlete Sports Entry Form (for individual athletes)
♦ Special Olympics Tennis Rating Form (for all singles and doubles athletes)
SPECIAL OLYMPICS TENNIS RATING GUIDELINES

Special Olympics competitions provide athletes with the opportunity to demonstrate sports skills they have acquired during training. The fundamental differences that sets Special Olympics competitions apart from those of other sports organizations is that athletes of all ability levels are encouraged to participate, and every athlete is recognized for his or her ability. The divisioning process provides a means of grouping athletes by gender, age, and ability.

In Special Olympics tennis competition it is recommended that the ability of the athlete be determined by an entry score on the Tennis Individual Skills Competition and an on-court rating during a preliminary divisioning round, using the Special Olympics Tennis Rating Guidelines.

The Special Olympics Tennis Rating Guidelines are modeled after the National Tennis Rating Program. The Rating Guidelines are a subjective evaluation and it is recommended that raters be familiar with the National Tennis Rating Program or other systems of evaluating tennis playing ability.

To use the Special Olympics Tennis Rating Guidelines, the rater should observe the athlete during simulated play situations. This could involve;
- athletes hitting with raters, or
- athletes playing mini-matches with other athletes, or
- athletes practicing with other athletes.

The Special Olympics Tennis Rating Guidelines categorizes playing ability into eight (8) levels. Each level (2-8) consists of seven (7) components evaluating forehand and backhand strokes, serve and volleys.

The rater should observe the athlete and indicate playing ability by checking the appropriate boxes corresponding to the player’s ability. At the completion of the rating session, the rater should indicate the player’s overall rating as Level 2, Level 3,....Level 8. An athlete with playing ability that falls between levels can be rated as 2.5, 3.5, etc. The overall rating should be used to division the athlete with other athletes of equal playing ability.

EXAMPLE: Overall Rating 5.5

Level 5
- Sustains a short rally using FH and BH shots
- Has directional control of FH shots, but shots lack depth
- Hits inconsistent, weak BH shots
- Hits 1st serves with pace
- Pushes 2nd serve
- Returns some 1st serves, returns 2nd serves consistently
- Hits consistent FH volleys, BH volley is inconsistent

Level 6
- Sustains a rally with directional control
- Returns difficult shots defensively
- Hits some FH and BH shots with depth
- Hits 1st serves with pace
- Hits 2nd serves with control
- Returns 1st and 2nd serves consistently
- Hits aggressive FH volleys; hits defensive BH volleys

Qualitative Ratings:

Ground Strokes
- Shows good FH and can get depth; BH not as good; runs around BH; good moderate level player

Server
- Nice first serves; can get some depth and pace; second serve is weak; can return other players serves

Aggressive/Consistency
- Can return the ball but doesn’t do much with it; puts it back in play; stays back

* A “hit” is a ball hit safely over the net and into the singles court. The athlete earns five points for any ball hit into the service boxes, and ten point for any landing between the service line or baseline.

** The athlete earns 10 points for any serve landing in the correct service box.

*** The athlete scores 10 points for hitting into the backcourt on or between the baseline, service line, and singles sidelines. The athlete scores 5 points for hitting into either service box.
Skills should be done in the order listed and recorded in the proper space on the Tennis Skills Scoring Form. Begin each timed competition with the “Ready, Set, Go!” starting system. Upon completion of all skills, add the points for the total score.

Skill #1 **Forehand Volley (5 balls)** – the athlete stands about one meter from the net with the feeder on the other side. The feeder tosses or hits each ball to the athlete’s forehand side. The athlete scores 10 points for hitting into the backcourt between baseline, service line and singles sidelines. The athlete scores 5 points for hitting into either service box.

Skill #2 **Backhand Volley (5 balls)** – Same as forehand volley except feeder sends ball to athlete’s backhand side.

Skill #3 **Forehand Groundstroke (5 balls)** – The athlete stands between the baseline and service line. The feeder tosses or hits the ball so it bounces once before reaching the athlete’s forehand side. Scoring is identical to the forehand volley (Skill #4).

Skill #4 **Backhand Groundstroke (5 balls)** – Same as forehand groundstroke except feeder sends ball to athlete’s backhand side.

Skill #5 **Serve – Deuce Court (5 balls)** – The athlete is given 5 attempts to hit a legal serve from the right court to the deuce service box. A ball landing in the correct service box will count 10 points. A zero (0) score is recorded if the athlete foot faults or fails to get the ball in the service box. A foot fault occurs when the athlete steps on or over the baseline or imaginary extensions of the center mark or sideline.

Skill #6 **Serve – Advantage Court (5 balls)** – Same as serve to deuce court but from the left court to the advantage service box.

Skill #7 **Alternating Groundstrokes with Movement (10 balls)** – The athlete is positioned at the center service mark on or behind the baseline. The feeder, standing half-way between the service line and net on the same side, alternates tosses to the athlete’s forehand and backhand sides. Each toss should land at a point; which is both half-way between the service line and baseline and half-way between the service mark and singles sideline. The athlete must be allowed to return to the center mark before feeding the next ball. The athlete is presented with 10 attempts.

The athlete scores 10 points for hitting into the backcourt on or between the baseline, service line and singles sidelines. The athlete scores 5 points for hitting into either service box.
